 Weekly Green Thing! <i>“How can we reduce plastic at home?” (Using reusable bottles, lunchboxes, fabric bags)</i>		<p><i>Did you know?</i> If every child swapped one single-use plastic bottle per day for a reusable one, it would save over 180 bottles per child each school year! Please try and ensure your child brings in a reusable water bottle into school each day, which we can refill when it is empty.</p>

Fact: Reducing single-use plastics (like cling film or plastic bags) helps protect oceans and wildlife. Reusable containers and bottles last for years.
