23rd March 2026

Dear Parents / Carers

We are pleased to let you know that after Easter, we will be running a series of **booster groups after school on Tuesdays** for some children in **Year 1 and Year 2**. The aim of the booster groups is to strengthen understanding, build confidence, and provide additional focused support in a positive and engaging environment.

As part of our on-going commitment to supporting pupils in developing key skills across English and Maths, these small-group sessions are designed to help children move towards a more secure national standard or greater depth.

A number of children across both year groups will be invited to take part. These pupils have been carefully selected based on current assessments and teacher judgement. **Parents of children invited to join the booster sessions will receive a separate letter** with further details, including the purpose of the sessions, dates, times and any other relevant information. There is no obligation for the children to attend.

These booster groups reflect our commitment to helping every child achieve their full potential. Teachers have met to carefully identify the children most likely to benefit from this additional offer. However, please be assured that all children receive the tailored support they need as part of class provision, so please do not be concerned if your child is not invited to participate in booster sessions on this occasion.

If you have any questions, please speak to your child's class teacher or me.

Kind regards,

Mrs Carter, Headteacher
