<h2>Weekly Green Thing!</h2> <p>Week 1 – “Where do old batteries and electronics go?”</p> <p><i>Fact: Batteries and electrical items (such as old mobiles, broken headphones) shouldn’t go in the normal bin. Recycling them keeps harmful materials out of landfill and allows valuable metals to be reused.</i></p>	<h2>Did you know?</h2> <p>Lots of supermarkets and local shops have battery recycling points- children love being “battery detectives” and helping find any old ones safely stored at home.</p>
